

# 2021 | PHOTO EXHIBITION

compensar

fundación  
universitaria

National Geographic Learning and Fundación Universitaria Compensar are delighted to invite you to appreciate this magnificent photo gallery to discover the wonders of the world and everything in it!

See the world through the amazing projects of three Hispanic-American National Geographic photographers, with a selection of 15 photographs and their remarkable storytelling.

Tamara Merino (Chile): ***Underland***

Rikky Azarcoya (Mexico): ***Miter Peninsula***

Rubén Salgado Escudero (Spain): ***Solar Portraits***

Images from India to Argentina, from Uganda to Mexico, from Taman Chan Village, outside of Myanmar, to Coober Pedy an unconventional mining town in Australia...

This extraordinary photo exhibit is an inspiring opportunity to discover and learn about the world while experiencing it, viewing it, and interacting with it.
